BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

Vide 1529-06 y. R S

The President of the Bd Board of Mysore in his letter no. 741 d 8th January 06 recommended the formation of some union villages containing a population

NOTES—First sheet.

GPB—30,000—20-3-06.

Serial No.

of more than 1000 inhabitants.
into unions. In para 46 of the notes to the Collection Rs file no. 298-06 B March 07 Sls 1 to 23, it was proposed that the establishment of unions in Inam villages required separate orders of Govt. The first Councillor while passing orders on the subject of formation of unions personally directed that an enquiry should be made with regard to formation of unions in Inam villages.

2) Draft is submitted for approval

Typing 3) done
19/4/07

20/4/07

4) To the Presidents of the 5 Boards No. 10193-200 d 3-5-07. Requested them to submit proposals for the formation of inam villages into unions with necessary statistics relating to the no. of houses, population, no. of hat area revenue etc.

NOTE—Contn. sheet

X

Consist of 300 houses or 1000 inhabitants. Vide G.O. No. 8308-15 (28298-06)-22 d 16th March 1907. In the Kadur Dt there is only one such village Belvadi with a population of 1012 belonging to the Sringeri Jahagir & the asst Commr in charge is agreeable to the formation of the village into a union subject to certain conditions regarding the adjustment of revenue & final control. Considering the restrictions which the asst Commr wishes to impose & also that the population of the village just exceeds 1000 the Deputy Commr is not in favor of constituting the village into a union.

10. In the Bangalore Dt there are 2 villages one in the Channapatna Taluk - Kudlur and the other in the Kankanhally Taluk - Kaggalipura the inamdar of the first village has no objection to

NOTE—Contn. sheet.

GPB—55,000—27.4.09

Serial No.

the constitution of the village into a union while the D. Vanniamegar Iramadar of Kaggalipura considers that his village is not of commercial importance & that his villagers are poor to pay taxes. The Villages contain 343 & 333 houses with a population of 1376 & 1070 respectively.

21. In the Kolar Dt, village sanitation rules have been introduced into Kyalanur village & the Deputy Commr recommends the formation of Devereyadandra into a union. It is reported that a few of the inamdars are opposed to the recommendation. The population is 1276.

22. In the Shimoga Taluk there are 2 inam villages belonging to the Sringeri Jahagir but not satisfying the standard as regards their constitution into unions the Asst Commr inspires

NOTE—Contn. sheet.

GPB—55,000—27-4-09

Serial No.

the same restrictions as in the case of Belvady in the Kadur Dt. There are 2 other villages Kulagatti in the Honnali Taluk with a population of 1019 & Kuppagadde in the Sorab Taluk with 1157 inhabitants but the Inamdars are not agreeable to their villages being formed into unions.

Belakwar
Hukkeri
Bagali
Jannur
Devanhalli

23 In the Mysore Dt there are 5 villages noted in the margin, fit to be formed into unions & the Jahagirdar of the first village is not in favor while the Jahagirdar of the other villages is in favor of the introduction of the union administration.

24 In May 1908 the Village Sanitation rules were ordered to be extended to all villages containing 25 houses & upwards and it is not known whether the said rules are in force in

all the inam villages referred to above & whether steps have been taken to extend the above order to inam villages also.

25) Submitted for orders.

TS.mg 26) The constitution
27/1/06 of an Inam village into a Union and the application thereto of the provisions of the Local Boards Regulation and the Rules thereunder affect the rights of the Inamdar in the village, especially where he has been enjoying the mokatarfa revenue. Where the Inamdar gives his consent to the constitution of the village into a Union and foregoes his rights, there is no difficulty whatever. But where he objects to do so, it is a question whether the village may be brought under the provisions of the Local Boards Regulation and the Rules thereunder. The Regulation extends

GPB—55,000—27.4.09

Serial No.

to the whole of Mysore and the Inam villages are not excepted by it -

135

Submitted
CS
2. 2. 10

28) It is difficult to give a categorical answer to the general question whether and under what conditions ~~an~~ an main village may be constituted into a Union. There is nothing under the Local Board Regulation to prevent Govt from declaring any main village a Union and appointing a Panchayat thereto under s. 3 of the Local Board Regulation. The Amildar's powers to a great extent depend upon his remand but the main right which is transferred is the right to receive wholly or partially the rent or land

GPB—55,000—27-4-09

Serial No.

revenue payable to Government
the bulk of the tenants in an
inam village hold their land as
Kadim tenants and their rights
and obligations are defined by the
L. R. Code. They stand practically
in the same relation to the Inamdar
as an adwaig occupant to Govt.
and cannot be interfered with by
him in any way as long as they
pay their rents regularly. Lands
which are not in the possession
of Kadim tenants may be disposed
of by the Inamdar subject to any
existing rights arising from contract
or prescription. But though an
inamdar he may be entitled to
special privileges such as a voice
in the appointment of village officers
special introduction & survey & settlement with the village
his powers & administration are
strictly defined and have to be
conveyed to him by a special
commission under S. 55 L. R. Code.
Ordinarily therefore the Inamdar
cannot claim more than
a proprietary right in the
main village and this cannot

No 99

Serial No.

give him a right to object to the introduction of any measure which Govt has in the interests of the inhabitants of the village a right to adopt under any law a rule having the force of law or by virtue of ~~this~~ sovereign power. It is on this principle that the right of Govt to abolish existing taxes which are found to be obnoxious without compensating inamdars enjoying them previously or to make a readjustment of taxation has been maintained

29) Besides land revenue the Sanad usually confers on inamdars the right to enjoy other items of revenue and in these Mohatarfa is generally included. Mohatarfa has therefore been usually conceded to inamdars unless it is excepted by the grant. In the case of inamdars enjoying the Mohatarfa revenue the constitution of the village into a Union will no doubt

GPB—55,000—27-4-09

Serial No.

tend to deprive them of a part of their income for under s. 20 of the L. B. Reg^n the house-tax levied on houses situated in the village will be credited to St Fund. But this cannot in any manner affect the right of Govt to constitute the village into a union when such a measure is called for by the welfare of the inhabitants of the village and the rights conceded to the inamdars may be subjected to all such limitations as may be necessary to give them the benefits of any new laws or rules that may be introduced.

30) It may also be mentioned here that Inamdars are liable to pay an amount equivalent to 1/17th of the Survey valuation of the village as miscellaneous cess and they are exempted from payment only when the source of the supply of water to the land in the village is situated in the

GPB—55,000—27-4-09

Serial No.

main village and maintained by the Inamdar at his expense.

31) The consent of the Inamdar does not seem to be necessary therefore to constitute an inam village into a Union.

32) As the point however is a difficult one the Rev Comm & the Govt Advocate may also be consulted

8/2/10

33) Admitted

10/2/10 34) The Rev: Comr and the Govt Advocate may be consulted unofficially, as suggested above, before taking further action in the matter -

37) With the grant of Inams the Government have not entrusted to Inamdars the duty of looking after the sanitation of the villages or the material well being of the inhabitants in their villages. With respect to such villages, Government retain in their own hands jurisdiction in sanitary, Police, Judicial and other matters. There can therefore be no objection to the Government introducing Unions in such villages for purposes of sanitation. Even if the Inamdars are entitled to the mohatarfa revenues according to their Sannads, when Government forego their right to mohatarfa in Government villages on their being constituted as Unions, there is no incongruity in requiring the Inamdars to forego their share of mohatarfa. It is a well understood principle that whenever Government abolish or forego any items of taxation the Inamdars cannot grudge to undergo the same sacrifice in the interests of the public or of a progressive administration

	39) I am of opinion that the Govt have the power of declaring any Inam village of the required number of population etc a Union under the L. B. Regulation. But a difficulty arises when the vested right of the Inamdar to the Mohatarfa levy on shops and houses occupied by non agriculturalists in the village comes into conflict with the power of the Union to levy taxes on such buildings. This difficulty may be avoided by getting the Inamdar's consent to give up this right of his to the Union or by exempting such buildings from the control of the Union in respect of levying taxes. 26. 2. 1910. Sir,

Adverting to Government Proceedings No. 10193-200 dated 3rd May 1907, LBC 298-06-1 calling for proposals for the formation of Inam villages containing 300 houses or a population of more than 1,000 inhabitants into Unions, I have the honor to state that the only Inam villages eligible for

for being formed into Unions in this District are Kyalanur in the Kolar Taluk and Devarayasandra in the Malbagal Taluk

2 As regards Kyalanur village, I am to state that the village Sanitation Rules having recently been brought into force there, it is desirable to gain more experience before converting it into a Union.

3 With regard to Devarayasandra, it consists of 3 majare villages of Shanayyanur Thalliahnagunte and Mallappanahalli with a total population of 1,276. No mohatarfa is being collected now and a mohatarfa of Rs 170 is expected

if the Jodi Village is formed into a Union, to which the inamdars are entitled.

As regards the objection of the inamdars, if any, it is reported that the Majority of them are in favour of the formation of the Union and that only a few of them are against it for which no specific objection is raised by them.

4 Under these circumstances, I request sanction for the formation of Jodi Devarayasandra into a Union.

Bangalore

Dated Chikmagalur, 20th march 1908.

Sir,

With reference to Government order no 10893-200 LB. 433-06-1 dated 3rd may 1907, calling for my recommendation, if any, for the formation of Inam villages into Unions in this District, I have the honor to state that there is only one Inam village in this District which is capable of being formed into a Union in accordance with the above order of Government. This village which is Belawady in the Chikmagalur Taluk, belongs to the Sringeri Jaghir and it contains 275 houses and a population of 1012

persons.

2. The Assistant Commissioner in charge of Sringeri Jahgheer who was consulted in the matter of forming the village into a Union is agreable to the proposal, but he wants the following conditions attached to it. Viz,

(i) that the Shanbhogue be kept informed of the transactions that take place in the meetings,

(ii) that the opinion of the Shanbhogue be obtained in important matters before carrying them out,

(iii) that the Mohalarpa collected in the Union credited first to the Shanbhogue's account and then treated as his contribution towards the working of the Union.

(iv) that a copy of the Proceedings of the meetings of the Unions be sent invariably for the information of the Chief Authority at the Head Quarters of the Mutt.

(v) that the Shekdar, Shanbhogue and Patel of the Belawady village be made always members of the Union.

3. Considering the restrictions which the Zamindar wishes to impose upon the working of the Union and also the fact that the population of the village just exceeds the minimum number required for a Union and might fall below it when there is a slight fluctuation, I am not in favor of Constituting a Union in the village for the present.

I have the honor to be,

Sir,

Your most obedient Servant,

Lee S Summerson

President of the

District Board of Kadur

hatarfa of these villages Mattur. Mandli here are Sopasetti- is enjoyed by the dar.		The Amildar reports that he has received no reply from the Assistant Commissioner, Sringere Jagir to whom he made a reference as to whether these villages may or may not be formed into a union and wants this office to move the said Offices.
Inhatarfa of this is enjoyed by nment.	*	* The Amildar reports that no objection is received from the Inamdars to whom he issued notice.
nights of Mohatarfa tion belongs to nment.	The Assistant Commissioner Shimoga Sub Division reports, that all the Inamdars, except one Krishnabhatta who is for the formation of the Union, Say that the villages should not be made into a Union for fear the ryots would run away being unable to pay house tax.	

3 Sorab 33	Kuppagadde	279	1157	.	.	.	164	.	.	The Assistant Commissioner Sagar Sub Division reports that the Samdars are entitled to the Mohatarfa revenue but the Village need not be formed into a Union as the Samdars are willing for the formation of their village into a Union.	The Samdars object to the formation of their village into a Union on the ground that they have been enjoying exemption from payment of Mohatarfa revenue from time immemorial.	34

To

C. S. Balasundaram Iyer ..... Esq.,
Offg. Secretary to Government,
General and Revenue Departments.

Sir,

With reference to your dockets Nos. 10193 - 200 / L.B. 433-06-1 and 6690 / L.B. 433-06-9 of the 3rd May and 18th January 1909, I have the honor to state that excepting the Jahagirdar of Sivasamudram and the Inamdar of Hosakote (Nanjangud Taluk) Bagali, Jamur, and Demahalli (Chamarajanagar Taluk) none has replied to the requisitions sent from the Talukas. The former is not in favour of Union Panchayets being formed in his Jahagir villages whereas the latter is, though none of his villages contains 300 houses. A Statement showing the information required by Government is herewith submitted.

2. From the apathy of the Inamdars, it seems that they are not in favour of the proposal at present. But I think in the interests of the people themselves Government should insist upon the Inamdars doing this.

I have the honor to be,
Sir,
Your most obedient Servant,
K. Kantaraj Urs
President, District Board

Enclosure to G.O. (1330-1)Rt. 11

when the question went up before him again, has recorded the following order.

"I can consider this later on - say 3 or 6 months hence. Just now my hands are tied and the resources are limited". (Sd) P. N. K
25. 9. 04.

7. The 2nd question raised by the President is that of the appointment of a peon on Rs 6/- for looking after the building at the cost of the Shimoga town Municipal Board. The provision made in the budget for 07-8 has been struck out as it was a new item & as sanction of Govt has not been obtained for the appointment & as the President's letter no 857/147 d 27th March 1907 quoted in the budget was not received (the letter referred to above in both the 1st & 2nd budgets

GPB—50 000—17-3-07

Serial No.

has not been received and the paper under disposal which seems to be the reference intended has been submitted with a separate No.).

9

8 In the President's letter of February 1906 referred to in para 5 supra it is stated that it was contemplated to hand over the building to the St Board for maintenance & the present proposal is to hand it over to the Shimoga Municipality.

9. The sum already contributed from St funds is Rs 10,500 & if the present proposal is sanctioned, the total contribution from St funds would be Rs 13,140. But as the provision ~~for Sanitation for orders~~ made in the Municipal Budget 9/5/07 has been struck out for want of funds, the expenditure for the ensuing ~~current~~ year may be limited to the extent of the provision made in

NOTE—Contn sheet.

From M. Narain Rao Esquire,
Deputy Commissioner
Shimoga District

To H. S. Chandrasekhara Iyer
Esq. B.A.B.L
Secretary to Government
General and Revenue Depts

Dated 13th April 1907.

Despatched 4th May 1907.

Received

General No. 904
No. 149

Enclosure No. 4

Adverting to Government Proceedings No. 9746-7 / L.B. 361-05-2 of the 21st March 1906, reports on the building of the Chamraj Memorial Hall at Shimoga.

Deputy Commissioner's Office
Shimoga District

No. 904/749 Ex 4. Dated 13th April 1907

From, D 9231/1436-8-1
M. Narain Rao Esquire
Deputy Commissioner
Shimoga District

To,
H. S. Chandrasekhara Iyer Esquire,
B.A.B.L.
Secretary to Government,
General and Revenue Departments.

Sir,

Adverting to Government Proceedings No: 9746-7/L.B. 361-05-2 of the 21st March 1906, sanctioning a further grant of Rupees 2500/- from District Funds towards the construction of the Chamraj Memorial Hall at Shimoga, I have the honor to submit herewith copy of a letter from the Honorary Secretary to the Hall Committee, reporting the completion of the building and forwarding a resolution of the Committee asking that the building may be taken over by the Municipality.

2. It will be seen from the statements furnished that the proceeds from private subscriptions amounted to Rs 9500-6-6 and that

that they were supplemented by grants of Rs 10500 from District Funds and Rupees 5000 from Municipal Funds. The receipts thus amounted to Rs 25,000-6-6. As against this, an expenditure of Rupees 26,640. 2. 8 has been incurred on the building as measured up by the Executive Engineer, Shimoga Division. The amount remaining to be paid to the Contractor is Rs 1639. 12. 2.

3. A further sum of Rs 2311 is required for constructing a roof over the open stair case for improving the front steps and for iron railings. An estimate for these works prepared by the Executive Engineer is herewith submitted for sanction. The roof over the stair-case being urgently required to preserve the wooden steps from deterioration by exposure to sun and rain, the work has been put in hand in anticipation of sanction.

4. To meet the outlay referred to in paras 2 and 3 above, a provision of

Rs 2640 has been made in the District Fund Budget and of Rs 1320 in the Municipal Budget of Shimoga Town for the year 1907-08 and sanction is solicited thereto. The District and Municipal Boards before whom the matter was placed were of opinion that there was no use in appealing for further private subscriptions and approved of provisions being made as above noted.

5. For the present, a peon will be required to be in charge of the building, and I request the favor of sanction being accorded to the entertainment of one on Rs 6 per mensem as provided for in the Municipal Budget for the next year.

I have the honor to be,
Sir,
Your most obedient Servant,

M. Narain Rao
Deputy Commissioner
Shimoga District

For

Proceedings of a meeting of the Executive Committee of the Chamraj Memorial Hall, Shimoga, held on the 4th December 1906 in the Deputy Commissioner's Office, Shimoga.

President

H. Narain Rao Esquire,

Deputy Commissioner in the Chair.

1. Read report of Mr. T. Bhima Rao, Secretary, regarding the origin, progress and completion of the Chamraj Memorial Hall. Resolved that the report be adopted.

2. Read accounts of receipts and expenditure furnished by the Secretary and audited by Mr. B. Narasinga Iyengar. Resolved that the following be adopted.

Receipts		Expenditures	
By subscriptions	8559-6-0	To work done Amani	6201-9-8
Contributions from District Funds	10500-0-0	To Sundry expenses	318-3-11
Contributions from Municipal Funds	5000-0-0	To work done through D. P. W.	1852-8-1
By Savings Bank Interest	566-6-2	To purchase of materials	1592-13-0
By work to be paid over the Funds available	1639-12-2		
By sale of articles &c	334-6-4		
Total	26640-2-8	Total	26640-2-8

3. Resolved that the Government be requested to accord sanction for taking over the building under Government management and to provide for its —

up-keep &c.

4. Resolved that the Government be requested to sanction the sum of Rupees 1639-12-2 necessary to pay the bills of work done up to date from the District and Municipal Funds as there is no hope of raising further subscriptions on account of unfavorable seasons.

5. Resolved that the Government be requested to sanction also a further sum of Rs 2311 for constructing a cover over the stair case improving the front steps and putting on railings.

Shimoga District

Sir,

I have the honor to forward herewith copy of the Resolutions passed by the Chamraj Memorial Hall Building Committee dated 4th December last and a report on origin progress and present condition of the edifice. In requesting the favor of your kindly forwarding the same to the Government for their acceptance and appropriation, I thank you on behalf of the people of the Shimoga District for the successful termination to which it has been brought by your valuable support.

I have &c.

JFR

Report.

After the sad news of the untimely demise of His Highness Sri Chamarajendra Wadiyar Bahadur, our late lamented and beloved Maharaja, was received, his loyal subjects of the Shimoga District saw the necessity for commemorating His Highness' reign in a befitting manner. The idea took some time to get ripe and on the 3rd July 1898, a public meeting was held under the presidency of Mr. H. V. Nanjundayya

Nanjundayya M.A., M.L.,
the then Deputy Com-
-missioner, and it was
then unanimously
resolved that the benign
rule of His Highness
ought to be commemorat-
-ed in the town of
Shimoga in a becom-
-ing style and that
it should take the
shape of a Public Hall.
About the same time
it was estimated that
such a building would
cost about Rs 45000/,
half of which was
to be met by public
subscriptions and the

other

Other half to be kindly
Contributed by the Government.

2. In December 1898
His Highness Sri Krishna
-raj Wadiyar Bahadur,
our present beloved
Maharaja, was pleased
to pay a visit to this
District, of which happy
opportunity his loyal
Subjects took timely
advantage and at
the request of the people
His Highness graciously
Consented to lay the
foundation Stone for
the erection of the Town
Hall in sacred memory
of his illustrious father.

Subscriptions

3. Subscriptions were collected from time to time with the valuable assistance of the then Deputy Commissioners and the Assistant Commissioners and in the mofussil by the Amildars.

4. The work was first taken up Amani i.e. without giving it out on contract, as it was expected that a savings of about 20-25 per cent would be made thereby; so it continued till March 1903, the then Deputy Commissioner and

and Assistant Commissioner being in charge of the work during that period. The progress was rather slow on account of various difficulties and some technical difficulties also presented themselves as the result of which it was considered necessary to transfer the construction of the building to the P. W. D.

5. Mr. Prahladarao, the then Executive Engineer took charge of the work and it was given on contract to one Mr. Muniswamy

Muniswamy Mudliar.
And the work has been
completed by him.

6. The accompanying
abstracts of accounts
give an idea of the
amounts received from
the several sources
mentioned above and
the expenditure therefor.

7. This report cannot,
I am sure be complete
without expressing our
hearty thanks to all
those who have taken
very great interest
in this matter from
the commencement
to the final completion

of

of this building. I cannot but make special mention of Messrs. Balhadra Rao and Krishna Sugavid Engineers to whom the building owes its present magnificent and imposing appearance, of Dr. Arumugam Mudliar, for his suggestions and encouragement and of Messrs Ranjindayya, Puttanna Chetty and M. S. Narayana Rao our popular Deputy Commissioner to whose exertions

in

in collecting Sub-
Scriptions we owe
our financial position.

8. I have every
reason to hope that
this hall will prove
a very substantial
and useful building
which the people of
this District in genral,
and of Shimoga in
particular, may avail
themselves of, on all
public occasions for
various public functions
besides locating the
Library and Reading
Room as originally
contemplated. It

is

is needless to add here that this magnificient building will swiftly a long-felt want and will stand as a monument commemorating not only the beloved memory of the late Sri Chamaraj-endra Wadiyar Bahadur but also the munificience on the part of the public and our benign Government who have helped to achieve our object.

the Govt order are

(1) That remission of cess does not follow the remission of land revenue

(2) That suspension of land revenue does not ordinarily carry with it suspension of cesses

(3) The distribution of land revenue collections between land revenue proper and local rates.

3. Point I is a question which has to be decided as observed by Govt in para 7 of their order no 5623-36 / LB 18-06)-36 dated 28th December 1906 reviewing the Dy Administration Reports for 1905-6.

4. Points 2 & 3 appear to be questions for being dealt with in Branch I.

5 Submitted for orders as to whether the opinion 29/30 [illegible] of the Revenue Commr of the Dy Comrs of Districts may be called for on the subject. Sd

Standing orders

Passing orders on amendments to Board's Standing Orders Nos. 14 (7) and 38 (11) regarding the treatment of cesses when land revenue is suspended or postponed.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following papers :—

I

G.O., No. 1008, Revenue, dated 10th October 1906.

Abstract.—Communicating to the Board of Revenue Resolution of the Government of India on the subject of the treatment of cesses levied in addition to land revenue when the latter is remitted or suspended.

II

Reference from the Board of Revenue (Land Revenue), No. 2050-G./06, dated 21st February 1907.

The Hon'ble Mr. J. N. Atkinson.

The Hon'ble Mr. C. J. Weir.

With reference to paragraph 2 of G.O., No. 1008, Revenue, dated 10th October 1906, the Board begs to submit the following amendments to Standing Orders Nos. 14 and 38 :—

Standing Order No. 14, *paragraph* 7—

Omit the following sentence and number the paragraph as 7 (1) :—

" but the remission of cess does not follow on the remission of land revenue ".

Add the following as paragraph 7 (2) :—

Cesses.—Suspensions and remissions of land revenue will not ordinarily carry with them suspensions and remissions of cesses. Collectors should bear this in mind when recommending what proportion of the land revenue should be suspended or remitted. But when an instalment of the land revenue of any village is entirely suspended or remitted the demand on account of cesses should be temporarily suspended and realized with the next instalment of land revenue that is actually collected in order to save the individual revenue payers from being harassed by petty demands in time of distress.

Standing Order No. 38, *clause (ii)*—

Substitute the following for this clause :—

" when the collection of land revenue is suspended that of the cesses will not, as a rule, be postponed " (*vide* paragraph 7 (2) of Standing Order No. 14).

2. The Board does not propose to make any alteration in the present system under which collections are distributed between Provincial funds and local rates. The system in vogue in the United Provinces is, as explained in paragraph 4 of the Resolution of the Government of India, that collections are *first* credited to the local rate demand until it is fully cleared, and the Government of India seem to imply that such a system is necessary, if losses resulting from suspension and remission are to fall entirely on land revenue.

3. But the Board considers that the Madras system of distribution provides sufficiently for the interests of local funds. In the village accounts of this Presidency the revenue collections are shown in a lump without distinguishing the collections on account of land revenue from those on account of cesses, and a distribution of the total collections for the whole district is made each month in the Collector's office, local funds being credited with that proportion of the total local

fund demand for the kist, which the total collection bears to the total demand of the kist (see Board's Proceedings, No. 279, dated 15th April 1889, as modified by Board's Proceedings, No. 105, dated 22nd April 1899, page 26). As suspensions and remissions of land revenue are not ordinarily to carry with them suspensions and remissions of cesses the cess demand will, save in the exceptional cases where suspension of kists beyond the fasli is allowed by the local Government under Standing Order No. 14 (3), be a full demand, and ultimately at the final adjustment of the accounts of any fasli that demand will be fully met, since at the final adjustment of accounts demand and collection are equated.

4. The system has worked satisfactorily and the Board would deprecate any general alteration. If on the other hand the United Provinces system of first clearing the local rate demand were to be adopted only in seasons of suspensions or remissions it would involve considerable complication in the accounts since, as explained, the Madras system is to effect the distribution for each district as a whole, while suspensions and remissions may be confined to parts of districts.

5. No doubt the Madras system may result in temporary embarrassment to local funds in years in which the final adjustment of the accounts is delayed. But both the Madras and the United Provinces system must equally fail to exempt local funds from such embarrassments in the exceptional cases in which widespread suspension of land revenue is accompanied by suspension of cess. And in all such cases the requirements of the local Boards can be met by over-drafts on their treasury balances, as proposed by the Government of India.

F. B. Evans,
Ag. Secretary.

To the Secretary to Government, Revenue Department.

Order—No. 802, Revenue, dated 6th April 1907.

Miscellaneous.

The amendment proposed to the Board's Standing Order No. 14 (7) is approved. The Standing Order No. 38 (ii) should be amended as follows :—

"Suspension of land revenue will not ordinarily carry with it suspension of cesses—*vide* paragraph 7 (2) of Standing Order No. 14."

2. The Government agree with the Board of Revenue that no change need be made in the system, now in force in this Presidency, for the distribution of collections between land revenue proper and local rates.

Deputy Com-
-missioners
of all Dis-
-tricts except Mysore and Kadur, are of opinion that no change is called for in the system at present obtaining in Mysore.

The Deputy Commissioner, Bangalore District, thinks that as cesses are paid only by holders of lands and to the extent to which they pay land revenue, the remission of land revenue should be accompanied

by

by remission of cesses also.

The Deputy Commissioners of Kolar and Shimoga are not in favour of adopting the Madras system as they consider it would be hard to burden the ryot with petty demands in times of distress.

The Deputy Commissioners of Tumkur merely says that "our system calls for no change".

The Deputy Commissioner of Hassan is of opinion that as the present system of remitting the local cess along with land revenue has not been found to seriously affect the local funds, no change is necessary.

The Deputy Commissioner of Chitaldrug says that the practice, obtaining in his District, of recovering the cesses in the first khist and of remitting or postponing the same along with land revenue at times of distress is found to work well and that therefore no change is called for.

The Deputy Commissioner of Mysore on the other hand considers that as the cesses are intended for purposes of public utility and are used for such purposes as are calculated to afford convenience and comfort to the rural population, any dimunition in such funds will result in corresponding discomfort to the public and that therefore the circumstances attending the remission of land revenue cannot be made applicable to cesses. The Deputy Commissioner of Kadur is similarly of opinion that in view of the important local purposes which the local cess has to serve, the indulgence (remission or postponement) shown to land revenue need not be extended to the local cess also.

3. I understand the system in Madras is to apportion the cess from the total collection of land revenue for each month in lump. On the other hand the local cesses in

Mysore

Mysore are shown as a separate item in the khate of each individual and they are collected in the first khist almost invariably and credited separately under a distinct sub head. This is also the system said to prevail in the United Provinces according to the letter of the Madras Revenue Board. It will be observed from the observations made by the Board in that letter that they do not maintain the Madras system to be perfect, but do not recommend a change as it would be inconvenient in some respects. I am therefore of opinion that there is no need for considering the advisability of a change in our system.

5. I do not exactly know what the correct position in Mysore is as regards the collection of local cesses when the land revenue demand is wholly remitted. But having regard to the fact that tthe local cesses are appropriated for expenditure for local purposes, the sound principle would seem to be not to remit it in whole or part though it might be found expedient to postpone its collection in any locality where land revenue is wholly remitted or its collection is suspended.

I have the honor to be,

Sir,

Your most obedient servant,

Krishna

Office of the Deputy Commissioner,

R.C.No.644 Bangalore District.

Dated Bangalore, 21st March 1908.

From

D. Devaraj Urs Esquire

Deputy Commissioner,

Bangalore District.

To

A. Rangasamy Aiyangar Esquire B.A.,B.L.,

Revenue Commissioner in Mysore, Bangalore.

Sir,

With reference to your docket No.694-701 dated 9th July 1907, calling for my views on the desirability of assimilating Mysore practice with that sanctioned for Madras in the matter of the treatment of cesses when land revenue is suspended or postponed, I have the honor to state that the Assistant Commissioners of Bangalore and Closepet Divisions urge the non-desirability of assimilating the Mysore practice with that sanctioned for Madras, the former on the ground that cesses are additional levies calculable on the survey assess-ment, and the latter for the reason that it will be a hardship on the ryot population.

2. Whereas the Assistant Commissioner, Dodballapur Division, is in favour of the procedure adopted by the Madras Government. He points out that land revenue is the rent paid to Government by the holder of Government land in return for the tenure of the land, and as such the remission of assessment when a holder is unavoidably deprived of any benefit from his holding is a piece of charity on the part of Government, but that cesses are levied from holders of land for the maintenance of communal facilities such as the up keep of roads, wells, public hospitals, educational institutions, tanks, irrigation works and the like which ought therefore to be looked upon as independent

independent of the seasons and the benefit the ryot derives from his land and that therefore there is no reason for remitting cess -es even when he gets a remission or suspension of the land --- revenue which constitutes the basis of calculation for the cesses.

3. Considering both sides of the matter, I am inclined to view it as follows :-

Cesses are levied on such persons alone whose income is derived out of the benefit accruing to them from lands rented to them by Government and to that extent only and are calculated on the Revenue paid by them to Government. Therefore the causes which entitle the holders of Government land for any remission of assessment on land payable to Government equally entitle them for the remission of cesses which are also paid out of the benefit accruing to them from the use of Government land. The plea that the maintenance of the institutions whose costs are met out of the collection of cesses, is imperative and is independent of the benefit accruing to the ryot from the land he holds falls to the ground when we take into consideration the fact that the institu- -tions and establishments maintained out of land revenue collec- -tions are also a necessity and more or less independent of the benefit the ryots get from land and of the payment of revenue by them to Government. Deficits that might accrue in the collection of cesses owing to the grant of remission may be met, as in the case of land revenue, out of Reserve Funds at the disposal of Government and treated as special items of expenditure along with relief and other charity works.

4. I am, therefore, of opinion that the practice now obtaining in Mysore is equitable and there appears to be no necessity for changing the same by adopting that sanctioned for Madras.

I have the honor to be,

Sir,

Your most obedient servant,

B.N.S. Deputy Commissioner.

No 5508/399.

Deputy Commissioner's Office,
Kolar District,
Dated Kolar, 6th March 1908.

From

C. Srikantesvara Aiyar Esquire, B.A.B.L.,
Deputy Commissioner, Kolar District.

To

A. Rangaswami Iyengar Esquire, B.A.B.L.,
Revenue Commissioner, in Mysore.

Sir,

With reference to your docket No.694-701 dated 9th July 1907, forwarding copy of Madras Government Order No.802 Revenue, dated 6th April 1907 regarding the treatment of cesses when land revenue is suspended or postponed and calling for my opinion as to the desirability of assimilating Mysore practice with that of Madras, I have the honor to state as follows:-

2. In our State where the Revenue System is based on that of Bombay Presidency, remissions of wet assessment are granted only as a special measure of relief in times of exceptional drought, and not regularly every year as a matter of course, on the nature of the yield, as in the Madras Presidency; and the local cess itself being only an appendage of the assessment, as far as the ryot's interest is concerned, its proportionate remission in times of such distress and scarcity would seem to be more equitable and humane, apart from its freeing him from the harrassment for such petty demands in such times.

3. Under our system of village accounts the demand under local cess is treated as a separate item calculated on the assessment due and collected accordingly, cess therefore

12

naturally varying with the Demand, whereas in Madras the revenue collections are shown in a lump sum without distinguish-ing the revenue proper from the cess, and a distribution of total collections is made in the Collector's Office, the Local Funds being credited with that proportion of total local fund demand for the khist, which the total collection bears to the total demand of the khist.

I am therefore of opinion that our rule need not and cannot conveniently be assimilated with the practice of Madras --- Presidency.

I have the honor to be,

Sir,

Your most obedient servant,

for Deputy Commissioner,

Revenue Commissioner in Mysore,
Bangalore.

Sir,

With reference to your memo No. 674-71 dated 12th July 1907 calling for my opinion on the desirability of assimilating Mysore practice with that Sanctioned for Madras re-garding the treatment of cesses when land revenue is suspended or postponed, I have the honor to report as follows:-

2. The practice obtaining in this District at present is to recover the cesses viz, one anna on account of Local Funds and a similar sum for repairs to Irrigation works along with the first Khist of land revenue collections and generally when there is partial failure

of land revenue are granted and in such cases, there will not be any necessity for collecting the cesses separately and thus harass the revenue payers by petty demands. Whenever there is necessity for the suspension of the whole amount of revenue, even then the cesses will be levied only when the postponed sum is collected.

3. Anyhow the present practice seems to be working well and I see no reasons to adopt any change therein.

I have the honor to be,

Sir,

Submitting opinion on the desirability of assimilating Mysore practice with that sanctioned for Madras re. the treatment of local cess when the Land Revenue is suspended or remitted—

K.C.S.

15

From,

B.J.Kumarasami Naik Esquire, B.A.,

Deputy Commissioner,

Kadur District.

To,

A.Rangaswami Iyengar Esquire, B.A.B.L.,

Revenue Commissioner in Mysore.

Dated Chikmagalur, the 8th October 1907.

Sir,

With reference to your docket No. 694-701 dated 9/12th July 1907, calling for an expression of opinion on the desirability of assimilating Mysore practice with that sanctioned for Madras regarding the treatment of local cess when Land Revenue is suspended or remitted, I have the honor to state that in our village accounts, the demand under local cess is distinctly shown under a separate head from land revenue proper without any necessity for the distribution of collections between local cess and land revenue cess as in Madras. The Rule in Mysore is that the whole of the local cess on land revenue should be collected in the first Kist, and thus as a rule demand under local cess is first met out of the collections made, the surplus only being credited to land revenue proper. There is, therefore, no apprehension of loss of local cess so long as there is any recovery towards land revenue.

2. The system of levying assessment on land in Madras is different from the system obtaining in Mysore. The occasions for the suspension of collection of land revenue, or its general remission are, in Mysore, few and far between, being allowed as a measure of relief, only in case of wide-spread distress on account of seasonal condition, and when the major item of land revenue itself is suspended or remitted, the local cess on the latter, is also treated similarly. But in view of the important local purposes which the local cess has to serve, the indulgence

need not be extended to the latter, and the Madras rule may be made applicable to such cases.

I have the honor to be,

Sir,

Your most obedient servant,

For Deputy Commissioner,

Kadur District.

OFFICE OF THE Dy Commissioner
MYSORE DISTRICT.

Dated ~~Mysore~~ Camp 17th September 1907.

To

A. Rangaswamiengar Esq., B.A., B.L.,
REVENUE COMMISSIONER IN MYSORE.

SIR,

With reference to your docket No. 694-701 dated 7th July 1907, forwarding a copy of Madras Government order No. 802 dated 6th April 1907 regarding the treatment of cesses when land revenue is postponed or suspended and calling for my opinion on the desirability of assimilating Mysore practice with that sanctioned for Madras, I have the honor to state that in the above Government order and in the proposal of the Board of Revenue Madras the following issues in regard to the treatment of cesses were raised and

decided.

(1) Whether the remission of Land Revenue carries with it the remission of local cess also.

(2) Whether the suspensions and remissions of Land Revenue carry with them similar suspensions and remissions of cesses.

(3) The mode of collecting the cess viz whether the whole of it has to be collected in the fasli Khist as is the practice in the United Provinces or whether it has to be recovered along with the Land Revenue and adjusted afterwards in the district office etc.

The Madras Government order on these points is that remission of cess does not follow the remission of Land Revenue and that it should be collected along with the Land Rev. in Khists and adjusted in the accounts proportionately.

In Mysore the practice is that whenever remission of Land Revenue is sanctioned the proportionate local

Cess also is remitted along with it.

The Cesses are intended for the purpose of public utility and convenience and are used solely for the Construction and repair of roads, the sinking of drinking water wells, for village sanitation and such other purposes as are calculated to afford convenience and comfort to rural population. Any diminution in the funds will result in the corresponding discomfort to the public. The Local Cess is based on the assessment simply for purpose of calculation and the circumstances attending the remission of Land Revenue cannot therefore be made applicable to Cesses.

As for the mode of collecting the Cess though our system is similar to that obtaining in the United Provinces as may be seen from the Comptrollers Cir No 1649 dated 15th March 1886 (a copy of which is herein enclosed for ready reference) yet the

System in vogue in the Madras Presidency is practically followed with this difference that in Madras the distribution between Land Revenue and Local cess is made in the District office while in Mysore it is done in the village accounts themselves. The system of accounts as at present maintained in regard to the recovery and adjustment of Land Revenue and Local cess is found to have worked satisfactorily and no innovation is therefore called for, but the strict enforcement of the recovery of Local cess in the Irish Khish of Land Revenue Collections is what is necessary.

In seasons of distress or exceptional calamities postponement of assessment is generally ordered and the Cess may also be suspended and realized with the next instalment of Land Revenue when the arrears also may be collected to save the ryots

from being harassed by petty
demands in time of distress. This
will be not only in the interests of trade
but also in that of a well main-
tained system of accounts.

I have the honor to be,

Sir

Your most obedient Servant

Deputy Commissioner
Mysore District

No. 168/R

Office of the Deputy Commissioner
Hassan District

Dated Hassan 13th/16th September 1907.

From.

M.R. Srinivasa Iyengar Esqr. M.A.
Deputy Commissioner,
Hassan District.

To

A. Rangaswami Iyengar Esqr. B.A. B.L.
Revenue Commissioner in Mysore,
Bangalore.

Sir,

With reference to your docket number 694-701 dated 9th/12th July 1907, calling for my views on the desirability of assimilating Mysore practice with that sanctioned for Madras, regarding the treatment of cess when land revenue is suspended or postponed, I have the honor to state that the procedure in vogue in this District, and I believe in the other Districts too, is to remit the proportionate amount of local cess whenever remissions of land Revenue are sanctioned. This appears to be a wholesome course, looked at from

the standard point of view.

2. Remissions of land revenue are generally sanctioned, either i in cases of breached tanks etc: where the ryots do not derive from the lands in their holding, the full benefit to which they are usually entitled and accustomed, or ii when in exceptional cases of distress and hardship such relief is found necessary. In either of the cases, I do not see why, when the ryots are considered to be deserving of the concession of the remission of land revenue, they should be harassed by being subjected to the payment of cess. The mere postponement of the recovery of the cess cannot be considered as affording them adequate relief in such cases.

3. I am therefore of opinion that the present procedure, wherein remissions of land revenue are accompanied by the remissions of the proportionate amount of cess, and

which

which has not been found to seriously affect the local cess funds in any way, may be continued.

I have the honor to be
sir,
your most obedient servant

No 53 Office -

Shimoga District.

Dated 18th July 1907.

Camp Chamagiri.

From M. Narain Rao Esquire,

Dy Commissioner,
Shimoga District.

To

A. Rangaswami Iyengar Esq. B.A. B.L.
Revenue Commissioner in Mysore.

Sir

In reply to your Docket No 694-701/1 dated 12th Instant, regarding the treatment of the Local Cess when Land revenue is Suspended or remitted, I have the honour to State that the Local Cess being calculated on the Land Revenue Should not be regarded as a Separate tax and that whenever Land revenue is remitted or Suspended the proportionate Local Cess demand Should also be foregone or postponed. The Consequential loss to District Funds will not be heavy, while the relief to the ryot will be

Considerable especially in a season of distress.

2. Out of the first payment made by a ryot, the full demand on account of Local Cess is now taken and credited to the District Funds, and the balance only to the head of Land Revenue. When the Land revenue is itself remitted or suspended, no payment is made by the ryot and no credit can consequently be given to the District Funds. The collection of the full Local Cess demand at a time when the Government may deem it necessary to remit or suspend the Land Revenue will operate with great hardship in the suffering ryot and it seems to me that it is not equitable to do so.

3. If it is held that the remission or suspension of Land Revenue will not ordinarily carry with it a similar Concession in regard to Local Cess, the order sanctioning

the remission or suspension of land revenue might specifically declare that the local cess thereon is also remitted or suspended.

I have the honour to be
Sir,
Your most obedt. servant.

Ukkanni Rao
Dy Commissioner,
Shimoga Dist.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

1. Government Order No. 886-94-24, dated 6th May 1885, directing that when land revenue is remitted, the local cess on the amount of remission should also be written off.

2. This office letter No. 131—L. B. 451-06-1, dated the 4th July 1907, to the Revenue Commissioner in Mysore, calling for his opinion and the opinion of the Deputy Commissioners of Districts in regard to the desirability of assimilating the practice in Mysore in regard to the treatment of cesses when the land revenue demand is suspended or remitted, to the practice existing in the Madras Presidency.

3. The following letter from the Revenue Commissioner forwarding also the replies received from the Deputy Commissioners:—

Letter No. 5618, dated 27th November 1909, from the Revenue Commissioner in Mysore.

1. Adverting to your letter No. 131—L. B. 451-06-1, dated 4th July 1907, requesting me to obtain the views of the Deputy Commissioners of Districts on the desirability of assimilating the Mysore practice with that sanctioned for Madras in the matter of treatment of cesses when land revenue is suspended or remitted and to forward the same with my opinion on the subject, I have the honor to forward herewith, in original, the replies* received from the several Deputy Commissioners, as shown below:—

*Not printed.

(1) Letter No. 53, dated 19th July 1907,	from the Deputy Commissioner,	Shimoga District.
(2) Docket No. 108, dated 5th August 1907	do	Tumkur District.
(3) Letter No. 168, dated 13th September 1907	do	Hassan District.
(4) Letter No. 224, dated 17th September 1907	do	Mysore District.
(5) Letter No. 169, dated 8th October 1907	do	Kadur District.
(6) Letter No. 234, dated 8th November 1907	do	Chitaldrug District.
(7) Letter No. 5508—399, dated 6th March 1908	do	Kolar District.
(8) Letter No. 644, dated 21st March 1908	do	Bangalore District.

2. It will be seen therefrom that the Deputy Commissioners of all Districts except Mysore and Kadur, are of opinion that no change is called for in the system at present obtaining in Mysore.

The Deputy Commissioner, Bangalore District, thinks that as cesses are paid only by holders of lands and to the extent to which they pay land revenue the remission of land revenue should be accompanied by remission of cesses also.

The Deputy Commissioners of Kolar and Shimoga are not in favor of adopting the Madras system as they consider it would be hard to burden the raiyat with petty demands in times of distress.

The Deputy Commissioner of Tumkur merely says that "our system calls for no change."

The Deputy Commissioner of Hassan is of opinion that as the present system of remitting the local cess along with the land revenue has not been found to seriously affect the local funds, no change is necessary.

The Deputy Commissioner of Chitaldrug says that the practice, obtaining in his district, of recovering the cesses in the first khist and of remitting or postponing the same along with land revenue at times of distress is found to work well and that therefore no change is called for.

The Deputy Commissioner of Mysore, on the other hand, considers that as the cesses are intended for purposes of public utility and are used for such purposes as are calculated to afford convenience and comfort to the rural population, any dimunition in such funds will result in corresponding discomfort to the public and that therefore the circumstances attending the remission of land revenue cannot be made applicable to cesses. The Deputy Commissioner of Kadur is similarly of opinion that in view of the important local purposes which the local cess has to serve, the indulgence (remission or postponement) shown to land revenue need not be extended to the local cess also.

3. I understand the system in Madras is to apportion the cess from the total collection of land revenue for each month in lump. On the other hand, the local cesses in Mysore are shown as a separate item in the khate of each individual and they are collected in the first khist almost invariably and credited separately under a distant sub-head. This is also the system said to prevail in the United Provinces according to the letter of the Madras Revenue Board. It will be observed from the observations made by the Board in that letter that they do not maintain the Madras system to be perfect, but do not recommend a change as it would be inconvenient in some respects. I am therefore of opinion that there is no need for considering the advisability of a change in our system.

4. I do not exactly know what the correct position in Mysore is as regards the collection of local cesses when the land revenue demand is wholly remitted. But having regard to the fact that the local cesses are appropriated for expenditure for local purposes, the sound principle would seem to be

not to remit it in whole or part though it might be found expedient to postpone its collection in any locality where land revenue is wholly remitted or its collection is suspended.

No. 5429-46—L. B. 451-06-3, DATED BANGALORE, 22ND DECEMBER 1909.

ORDER THEREON.—The Government agree with the Revenue Commissioner that having regard to the fact that local cesses are mainly appropriated for expenditure for local purposes, such cesses should not be remitted, when the land revenue demand is remitted, but that in special cases the collection of the whole or any portion of such cesses may be postponed in any locality when the land revenue demand is remitted or suspended. This was the principle adopted in Government Order Camp No. 20-30, dated 30th May 1909, passing orders in regard to remissions and suspensions of land revenue for the year 1908-09. Government Order No. 886-94-24, dated 6th May 1885, read above, will accordingly be cancelled.
